MINK Ventures Corporation

Notes to the Unaudited Condensed Interim Financial Statements

For the Period from the Date of Incorporation (March 9, 2021) to September 30, 2021

(expressed in Canadian dollars unless otherwise noted)

1. Nature of operations and going concern

MINK Ventures Corporation (the "Company" or "MINK") was incorporated on March 9, 2021 under the Business Corporations Act (Ontario) (the "Act") and is a Capital Pool Company, as defined by Policy 2.4 of the TSX Venture Exchange (the "Exchange"). The principal business of the Company is the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction ("QT"). The Company has not commenced commercial operations and has no assets other than cash. Given the nature of operations, as intended, are dependent on its ability to secure equity financing with which it intends to identify and evaluate potential acquisitions of businesses, and once identified and evaluated, to negotiate an acquisition thereof or participation therein subject to receipt of regulatory and, if required, shareholders' approval.

The proceeds raised from the issuance of share capital may only be used to identify and evaluate assets or businesses for future investment, with the exception of reasonable general and administrative expenses, not exceeding \$3,000 per month. These restrictions apply until completion of a QT by the Company as defined under the policies of the Exchange.

The head office is located at 66 Wellington Street West, Suite 4100, Toronto, Ontario, M5K 1B7.

On November 5, 2021, the Board of Directors approved the financial statements for the period from Date of Incorporation (March 9, 2021) to September 30, 2021.

The Company's operations could be significantly adversely affected by the effects of a widespread global outbreak of a contagious disease, including the recent outbreak of respiratory illness caused by COVID-19. The Company cannot accurately predict the impact COVID-19 will have on its operations and the ability of others to meet their obligations with the Company, including uncertainties relating to the ultimate geographic spread of the virus, the severity of the disease, the duration of the outbreak, and the length of travel and quarantine restrictions imposed by governments of affected countries. In addition, a significant outbreak of contagious diseases in the human population could result in a widespread health crisis that could adversely affect the economies and financial markets of many countries, resulting in an economic downturn that could further affect the Company's operations and ability to finance its operations and complete a QT.

Going Concern

These financial statements were prepared on a going-concern basis of accounting, which assumes that the Company will continue operations for the foreseeable future and be able to realize the carrying value of its assets and discharge its liabilities and commitments in the normal course of business. The Company does not generate revenue from operations and incurred a net loss of \$142,994 for the period ended September 30, 2021. However, the Company believes that its working capital balance as at September 30, 2021 will provide the Company with sufficient cash resources to meet its obligations for at least twelve months from the end of the reporting period. As the Company has no revenues, its ability to continue as a going concern is dependent on its ability to obtain additional financing and complete a QT.
